Location: Klamath Room, 2nd Floor, Cal/EPA Headquarters Building

Please join the California Department of Toxic Substances Control (DTSC) as we convene a meeting of the Green Ribbon Science Panel (GRSP or Panel), on February 12-13, 2018, in Sacramento, California. The public is invited to attend and address the Panel on agenda items.

BACKGROUND

The GRSP was established by AB 1879 (Feuer, Chapter 559, Statutes of 2008) to act as a resource for the implementation of California's Green Chemistry Law. The GRSP provides scientific and technical advice to DTSC as we strive to build a meaningful, practical, and defensible Safer Consumer Products program. The GRSP's mandate is to "[a]ssist the department in developing green chemistry and chemicals policy recommendations and implementation strategies and details, and ensure these recommendations are based on a strong scientific foundation."

MEETING PURPOSE

This meeting provides a forum for the GRSP to discuss and advise DTSC on issues related to DTSC's evaluation of example alternatives assessments, its 2018-2020 Priority Product Work Plan, and how DTSC can influence the research agenda in fields related to implementation of the Safer Consumer Products regulations.

MEETING DETAILS

The public is invited to attend in person and provide comments to the GRSP on agenda items under discussion by the panel. All other non-agenda related comments on the Safer Consumer Products program may be submitted directly to DTSC at SaferConsumerProducts@dtsc.ca.gov.

When available, meeting materials can be found at DTSC's [GRSP Meetings](#) web page. If you have any questions about the meeting or the agenda, please contact Anne-Cooper Doherty at anne.doherty@dtsc.ca.gov or 916-324-1088.
